

PCX1500

MARINE BRONZE MOTORPUMP

1500 GPH

Part Number - 40011P

220V - 230V

PUMP

- All Bronze marine centrifugal pump Freshwater or Seawater applications.
- Precision machines to close tolerances for consistent performance.
- Stainless Steel shaft.
- Hardware - Type 303 Stainless steel.

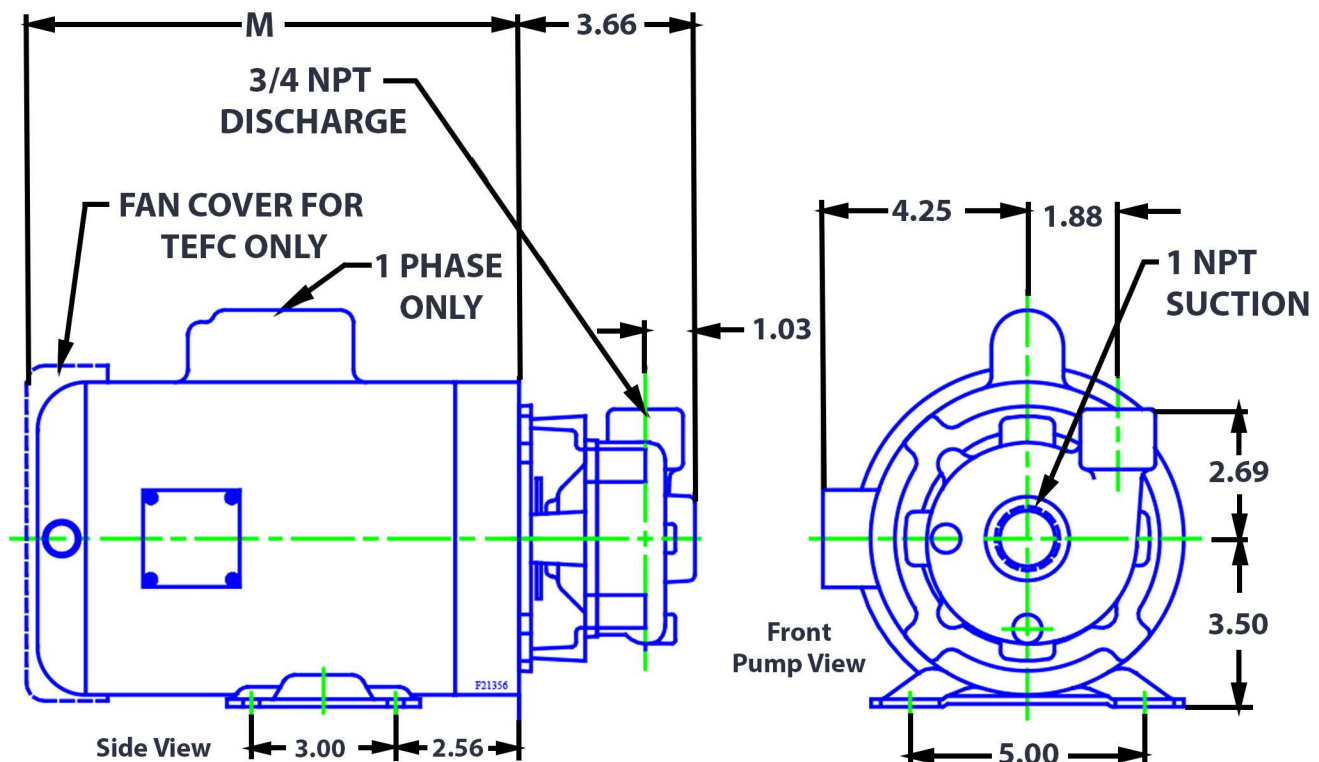

MOTOR

- Standard NEMA frame motor.
- Sealed ball bearings.
- 1 and 3 phase.
- TEFC Motor (Totally Enclosed Fan Cooled).
- Dual frequency 50Hz or 60Hz motors available
- Three phase motors are not available.

IMP dia inches	Wt. lbs	HP		Amperes - TEFC	
		50Hz	60Hz	50Hz - 220V	60Hz - 230V
3.00	30	1/3	1/3	3.9	3.5

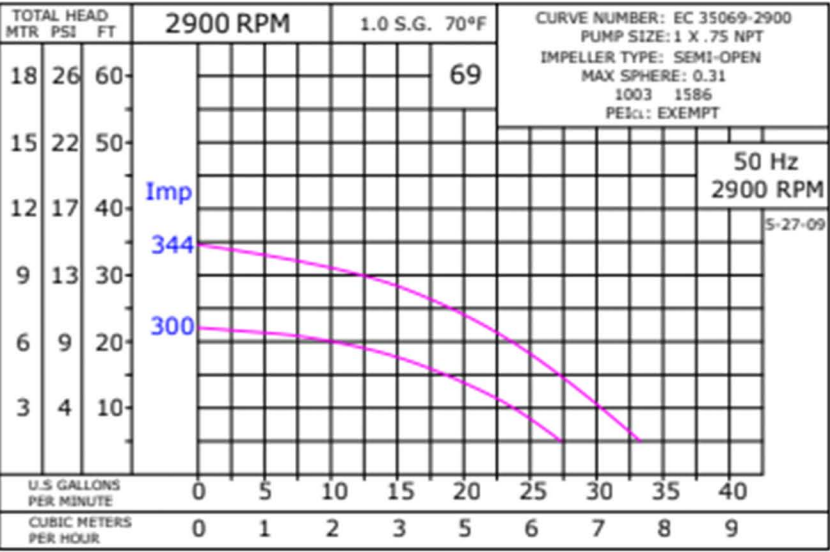

Amps for 115V - 60 Hz is double 230V amps

DIMENSIONS

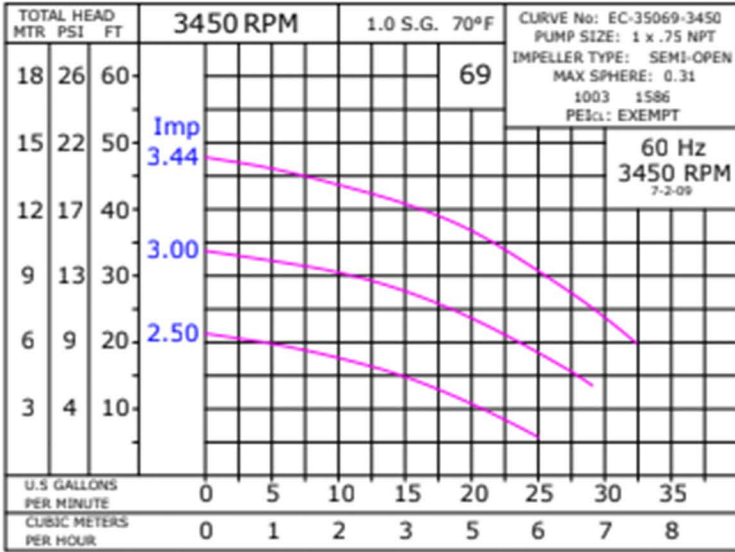

PUMP CURVE

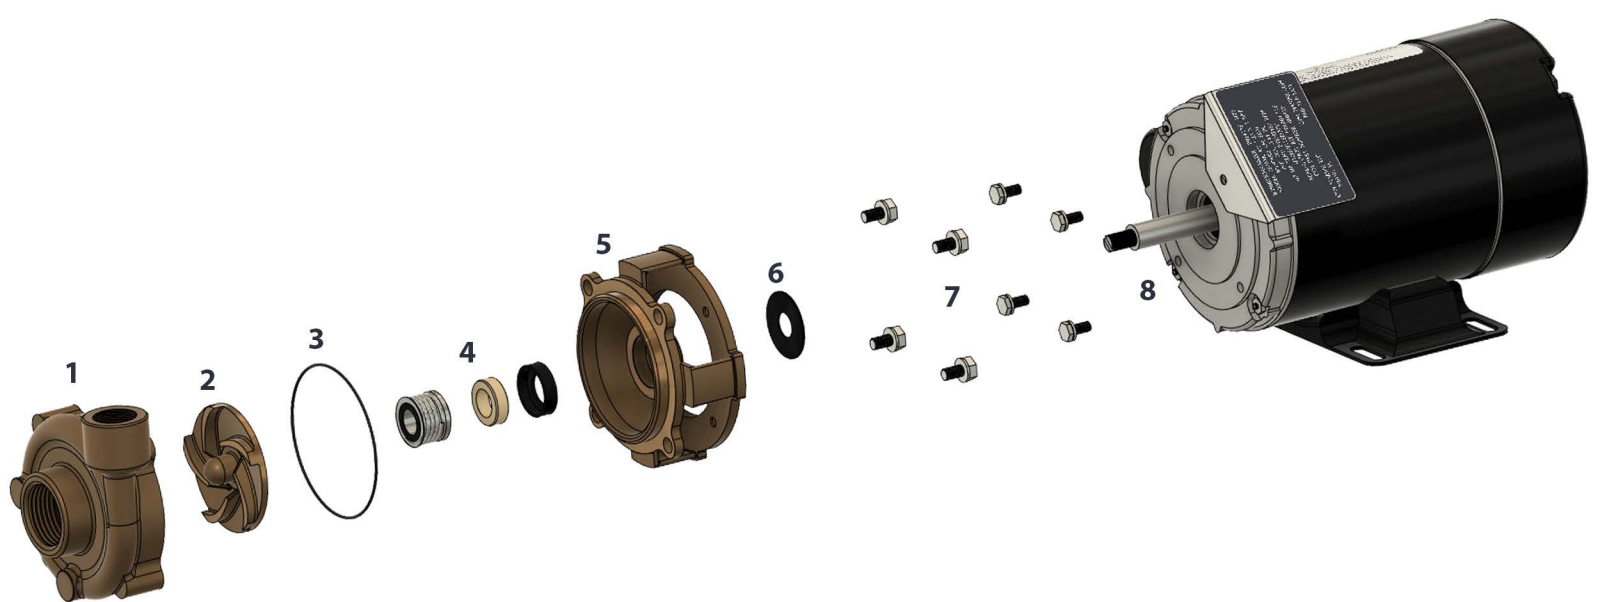

2900 RPM / 50Hz

3450 RPM / 60Hz
