

## **RescYou™ liferaft**

FACTS:	<b>Date:</b> 14.05.2013	<b>Design:</b> RescYou <sup>™</sup>
--------	-------------------------	-------------------------------------

Fluorescent yellow canopy and ballast bags for enhanced visibility from a greater distance. Black buoyancy compartments  4, 6 and 8 persons  Materials: Natural rubber and acrylic/silicon coated nylon  4 large quick filling bags - each containing 55 litres – for maximum stability  Retro-reflective tape: Fitted with SOLAS high-visibility retro-reflective tape on canopy, sides, bottom and buoyancy compartments  Automatic exterior strobe light and interior light		
enhanced visibility from a greater distance. Black buoyancy compartments  4, 6 and 8 persons  Natural rubber and acrylic/silicon coated nylon  4 large quick filling bags - each containing 55 litres - for maximum stability  Fitted with SOLAS high-visibility retro-reflective tape on canopy, sides, bottom and buoyancy compartments  Automatic exterior strobe light and interior light  Oversized entrance w/inflatable boarding ramp and ladder provides easy, safe access from boat or water; direct access for helicopter evacuation from within  Viewing port for cross ventilation and view of the horizon  Inflatable double floor provides protection from hypothermia  Rain water collector	Туре:	Traditional offshore yachting and fishing liferaft
Materials:  Natural rubber and acrylic/silicon coated nylon  4 large quick filling bags - each containing 55 litres – for maximum stability  Fitted with SOLAS high-visibility retro-reflective tape on canopy, sides, bottom and buoyancy compartments  Automatic exterior strobe light and interior light  Oversized entrance w/inflatable boarding ramp and ladder provides easy, safe access from boat or water; direct access for helicopter evacuation from within  Viewing port for cross ventilation and view of the horizon  Inflatable double floor provides protection from hypothermia  Rain water collector	Colour:	enhanced visibility from a greater distance.
### A large quick filling bags - each containing 55 litres – for maximum stability  ### Fitted with SOLAS high-visibility retro-reflective tape on canopy, sides, bottom and buoyancy compartments  #### Automatic exterior strobe light and interior light  - Oversized entrance w/inflatable boarding ramp and ladder provides easy, safe access from boat or water; direct access for helicopter evacuation from within  - Viewing port for cross ventilation and view of the horizon  - Inflatable double floor provides protection from hypothermia  - Rain water collector	Sizes:	4, 6 and 8 persons
55 litres – for maximum stability  Fitted with SOLAS high-visibility retro-reflective tape on canopy, sides, bottom and buoyancy compartments  Automatic exterior strobe light and interior light  - Oversized entrance w/inflatable boarding ramp and ladder provides easy, safe access from boat or water; direct access for helicopter evacuation from within  - Viewing port for cross ventilation and view of the horizon  - Inflatable double floor provides protection from hypothermia  - Rain water collector	Materials:	Natural rubber and acrylic/silicon coated nylon
tape on canopy, sides, bottom and buoyancy compartments  Automatic exterior strobe light and interior light  Oversized entrance w/inflatable boarding ramp and ladder provides easy, safe access from boat or water; direct access for helicopter evacuation from within  Viewing port for cross ventilation and view of the horizon  Inflatable double floor provides protection from hypothermia  Rain water collector	Ballast bags:	
- Oversized entrance w/inflatable boarding ramp and ladder provides easy, safe access from boat or water; direct access for helicopter evacuation from within  - Viewing port for cross ventilation and view of the horizon  - Inflatable double floor provides protection from hypothermia  - Rain water collector	Retro-reflective tape:	tape on canopy, sides, bottom and buoyancy
and ladder provides easy, safe access from boat or water; direct access for helicopter evacuation from within  - Viewing port for cross ventilation and view of the horizon  - Inflatable double floor provides protection from hypothermia  - Rain water collector	Lights:	Automatic exterior strobe light and interior light
	Special features:	and ladder provides easy, safe access from boat or water; direct access for helicopter evacuation from within  - Viewing port for cross ventilation and view of the horizon  - Inflatable double floor provides protection from hypothermia  - Rain water collector
Fitted with Offshore E equipment pack. Optional equipment packs (ISO 1, SOLAS B, ISO II) to meet requirements may be packed internally or externally in a waterproof grab bag at additional fee	Emergency pack:	Optional equipment packs (ISO 1, SOLAS B, ISO II) to meet requirements may be packed internally or externally in a waterproof grab bag at
Packed in a compact water resistant valise or a low profile high gloss fiberglass container which may be deck or rail mounted	Storage options:	low profile high gloss fiberglass container which
Main areas of application: Coastal and offshore cruising and sport fishing	Main areas of application:	Coastal and offshore cruising and sport fishing
Approval:  ISO 9650 Type I certified and meets ISAF requirements. Third party approval by Det Norske Veritas.	Approval:	requirements. Third party approval by

Type of liferaft: RescYou™	Stowed dimensions LxWxH	Mounted in deck cradle(H)	Weight (incl. equipment)
4 person, container	29.6" x 18" x 11.6"	12.6"	78 lbs.
4 person, valise	29" x 13" x 13"		64 lbs.
6 person, container	31" x 22.6" x 11.6"	12.6"	90 lbs.
6 person, valise	30" x 14" x 16"		77 lbs.
8 person, container	31" x 22.6" x 12.6"	13.6"	104 lbs.
8 person, valise	30" x 14" x 16"		85 lbs.

\* Dimensions for liferaft in valise are approximate

## **Traditional Offshore Liferaft**

Container

Ideal for cruising and sport fishing offshore.
